

Josie Vint (Director) studied Musical Theatre at Sheridan College where she received intensive training in music, theatre and dance. After graduating with High Honours, she embarked on her stage career, performing in musicals, classical and modern plays as well as children's theatre.

Although Josie "retired" early from the stage to have and raise her children, she managed to find time to sing solo in small clubs in Toronto and to perform with Harmony Show Band.

Josie is currently a registered music and movement teacher for internationally recognized early childhood music program Music Together ©. She is very pleased to be teaching musical theatre here at VPDC.

Bob Little (Music Director) has been playing guitar and piano for almost 45 years. Bob's music and entertainment training came from being on the road touring with Showbands in the mid-70's & 80's (including Rufus, Canada and numerous local bands) playing country, originals and jazz.

Bob worked with The Traveling Band, a Scarborough Theatre troupe, for more than 15 years as Music Director and guitarist. The show involved developing an original production annually, including music for solos and chorus and arrangements for a four piece band.

While living in California Bob played with local acoustic groups and has recently started an acoustic/vocal harmony group called blueFIRE playing classic rock throughout the Peterborough and Port Hope areas.
